

# FORENSIC FILES<sup>®</sup>

No Witnesses. No Leads. No Problem.

Forensic Files, the highly successful, long-running hit crime show delves into the world of forensic science, profiling intriguing crimes, accidents and disease outbreaks drawn from real, actual true-life cases from all around the world. Cutting edge forensic techniques and state of the art police science equipment highlights behind-the-scenes looks at actual investigations like never before seen on television. Each half-hour will feature actual archival footage, true-to-life reenactments and detailed profiles of the people whose stories we tell. The accused, the victims, the scientists and legal professionals of all kinds come together in this riveting, compelling and fast-paced edge-of-your-seat ride through stylized dramatic storytelling. This pioneer in its field goes where no crime show before it dared to go and every week opens all new FORENSIC FILES!
